## ABOUT US

We, "Swarex Shipping & Aviation Pvt. Ltd.", are one of the most competent, experienced, & Cost-effective global firm in the field of Customs Clearance & Freight Forwarding. We have professionally experienced team to drive more effectively the custom clearance and freight forwarding which includes Export and Import. We handle the shipment from one extreme end to another extreme end, while managing the freight forwarding and Custom clearance. We are authorised and have separate licenses for "Customs Clearance" and for freight Forwarding.

With an experience of more than two decades "Swarex Shipping & Aviation Private Limited" is recognized as the most renowned custom clearance and freight forwarding organization in the world. We are chosen as the best organization due to our in-depth knowledge, level of understanding about the international custom clearance & freight forwarding operations. We are exceedingly capable to predict the problems well in advance, knowing the complexity of customer clearance and freight forwarding "case to case" and provide most appropriate solution to the customers.

Swarex is a trusted, exceedingly dynamic, remarkably adventurous and holds the highest penetration capability, into the peripheries of custom clearance network and equally capable of working out best rates in the freight forwarding for international courier, door to door services, personal baggage services, and etc in every port & airport within India and abroad. We do this complying the existing laws and regulations, most stringently. We handle the activities scientifically, psychologically and more technically. Customers mostly prefer our services due to our operational strategies and the timely implementation. Customers highly rated us, as we are the best at every field, including custom clearance and freight forwarding in export and import as well.

## CUSTOM CLEARANCE

Swarex handles import & Export custom clearance effectively, efficiently and systematically. We assure our customers about the hassle free services for custom clearances by sea and air in India, and in major ports in the world. We assure our customers that we maintained our brand value of making no mistakes while handling the custom clearance. For hard work, dedication and error free operation, we are recognised by the custom officials. The shipment under our hands would flow very smoothly without having any hindrances.

### IMPORT (SEA & AIR)

Our biggest strength is to accept every consignment whether it is small, big, simple or complicated. Due to our goodwill and best track record, the custom authorities place our documents at higher priority. This helps us to manage the custom clearance in much lesser time with much lesser price.

### PERSONAL COURIER

We utilise our professional expertise to get the clearance done of prohibited, high value, restricted, old and used products at minimum paperwork and at exciting price. We have our operational capability in every country. You need to drop your shipment at our overseas warehouse / location, we manage to deliver to your place at fixed cost with less paperwork.

### TRADING PRODUCTS

Under every circumstance, We assure for the timely customs clearance without hassles, hindrance and penalties. We further assure you that we handle trading products, despite not having of BIS, EPR, WPC, FSSAI, FMCG. We stick to the cost specified in our quotation and there would not be any additional charges.

### PERSONAL BAGGAGE

Swarex has been the most preferred custom clearing Agent for the personal baggage clearance. We deliver within 36 hours without any custom duty. It may invite customers of very negligible charges and the fact is there would not be any hidden charges.

### EXPORT (SEA & AIR)

Apart from custom clearance, we provide consultancy services including documentation, searching buyer, payment terms, registration certifications, fraud prevention and etc. Irrespective of dimension, size, type and kind, whatsoever may be, our team is well trained to handle according to the circumstances and customer requirement.

### JEWELLERY & STONE

We have dedicated team who has hands on experience in dealing FTA benefits, duty benefits, first time KYC with minimum paper work. They provide maximum support and has ability to expedite the clearance in 2 days without any hidden charges. They provide smooth and delighting clearance services for the precious metals including gold, diamond and diamond abrasive products. We also accept and deal with the personal / individual shipment

### CHEMICAL & HAZARDOUS

Swarex has identified right channels and processes to deal with Chemical & Hazardous cargo. We are aware about the segregation and the categorization. This is the strength we are ready to handle the custom clearance for Chemical and hazardous cargo

## FREIGHT FORWARDING

Swarex manages sea and air freight forwarding for import & Export more professionally providing freight, shipping line charges and CFS charges at much lower price compared to the market standards. After series of negotiations with the airlines, shipping companies and custom authorities, we forward lowest quotations to our customers. We have valid certifications, licenses and approvals to handle freight forwarding in India and abroad. We are capable of settling the costs in the interest of customers.

### HAZARDOUS CARGO

Swarex has been dealing with the Hazardous cargo more efficiently. This is the reason we could be able to guide the customers properly to make the freight economical and cost effective. We classify the hazardous cargo as per the custom regulations and help the customers as well as the custom department.

### CONSOLIDATED (LCL)

Swarex is highly experienced in carrying out of operations related to full container freight. We advise about most suitable options with the cost effective solutions. We are capable to accommodate in right slot in the container as per the cargo. We advise our customers and handle the documentation on behalf of our customers.

### FULL CONTAINER (FCL)

Swarex is highly experienced in carrying out of operations related to full container freight. We advise about most suitable options with the cost effective solutions. We advise our customers and handle the documentation on behalf of our customers.

### BREAK BULK CARGO

We have a deep understanding about the Break bulk cargo and it's evolution from time to time. Swarex is meeting every requirement when it comes to the shipment of Break bulk cargo. We deal with the freight forwarding and right calculation of freight for the Break bulk Cargo.

### RAIL & ROAD TRANSPORT

As we ensure to pick up the material from production unit and pick up the used machinery from the manufacturing units, we ensure the transportation from that point to the port. In this regard and any other rail road transport, we organise the vehicles, permissions, road permits and the transit permits and ensure the cargo moves without any hassles until it reaches to the destination.

### INTERNATIONAL CARGO (Door to Door)

Swarex is exceptionally professional, accurate, accountable and delivers incredible international courier services from door to door. We provide these services with an intention to deliver with the speed while maintaining accuracy. We are capable to customise these services depending upon the customer requirement. We handle the multiple products including personal baggage, valuable metals, personal couriers etc.

### OVER DIMENSIONAL CARGO (ODC)

Swarex is highly efficient and equally effective while handling the over dimensional cargo and more proportionate cargo. We handled the over dimensional cargo which is highly challenging when compared with usual structure and managed the calculations reasonably cheaper.
